

GRADUATE SCHOOL OF BIOMEDICAL SCIENCES AND PROFESSIONAL STUDIES

Drexel University's Graduate School of Biomedical Sciences and Professional Studies prepares tomorrow's leaders in the field of biomedical scientific discovery. The school, known for its innovative research enterprise, trains students in scientific reasoning and the application of advanced technologies.

The key mission of the Graduate School of Biomedical Sciences and Professional Studies is to provide cross-disciplinary, intellectually diverse academic programs that are integral to a comprehensive 21st-century graduate education. Committed to preparing students for careers as scientists and successful health professionals, the school offers extensive certificate, master's, and doctoral programs paired with a curriculum that ensures students have an understanding of other disciplines as well as expertise in their own field of study.

The school offers numerous doctoral, master's, and professional development programs that emphasize real-world experience and help guide students to make career decisions matched to their abilities and the world's evolving needs. The next generation of leadership begins here.

DEGREES AND CERTIFICATES OFFERED

PROGRAMS	DEGREE	OFFERED LOCATION
Biochemistry of Health and Disease.....	MS, PhD.....	Philadelphia
Biomedical Studies	MS	Philadelphia
Biomedicine and Business	MS	Online
Biomedicine and Cell and Gene Therapy.....	MS	Online
Biomedicine and Entrepreneurship	MS	Online
Biomedicine and Law	MS	Online
Cancer Biology.....	MS	Philadelphia
Clinical Research	Certificate of Study	Online
Clinical Research for Health Professions	MS	Online
Clinical Research Organization and Management	MS	Online
Drexel Pathway to Medical School	MS	Philadelphia
Drug Discovery and Development	MS, Certificate	Philadelphia, Online
Evening Post-Baccalaureate Pre-Medical.....	Certificate.....	Philadelphia
Fundamental Concepts in Infectious Disease	Certificate.....	Online
Human Lactation Consultant	Certificate.....	Philadelphia, Hybrid
Immunology.....	MS	Online
Infectious Disease.....	MS	Online
Intensive Medical Sciences	MS	Philadelphia
Interdisciplinary Health Sciences	MS	Philadelphia, Hybrid
Joint Doctor of Medicine and Philosophy.....	MD/PhD	Philadelphia
Laboratory Animal Science.....	MLAS.....	Philadelphia, Online
Medical Science	MS	Philadelphia
Microbiology and Immunology	MS, PhD.....	Philadelphia
Molecular and Cell Biology and Genetics	MS, PhD.....	Philadelphia
Molecular Basis of Cancer	MS, Certificate	Online
Molecular Medicine	MS	Online
Neuroscience	MS, PhD.....	Philadelphia
Pathologists' Assistant	MS	Philadelphia
Pharmacology and Physiology.....	MS, PhD.....	Philadelphia
Physician Scientist	MD/PhD	Philadelphia
Post-Baccalaureate Pre-Medical Hybrid	Certificate	Hybrid
Quantitative Principles for Clinical Research	Certificate.....	Online
Regulatory Affairs for Cell and Gene Therapy	Certificate.....	Online
Translational Research in Infectious Disease.....	Certificate.....	Online
